

Gmund Mother Earth

PRINTING INFORMATION

- Druck**
- Offset printing (suitable for offset printing, but with some restrictions)
 - Letterpress
 - Silkscreen
 - Blind embossing
 - Hot-foil embossing
 - Stamping

- Recommendations for offset printing**
- Raster widths up to 80 l/cm
 - Adjust the lithograph depending on the paper's color
 - Proof on the paper which will be used for the print run
 - Under color removal (UCR) with ample ink
 - Deposits inclusions on the offset blanket are avoidable and require regular cleansing of the rubber blankets. Tiny plant parts can separate from the surface here.

Low absorption of the printing ink, therefore:

- Print using only oxidative-drying inks
- Print dusting, low printing stack
- Dry thoroughly for a minimum of 24 hours

- Special features**
- Inclusions, the look of the sheet and the color may vary slightly from one fabrication to the next due to the composition of the materials and the utilization of natural plant-based raw materials.
 - The special character of Gmund Mother Earth looks best when little ink is used, with blind embossing, and in letterpress printing.
 - The printing technique should be adapted to suit the unusual surface of the paper.
 - Acid-free, pH-neutral
 - When printing and processing, follow the manufacturer's recommendations for machines, printing inks, adhesives, laminating foils, stamping foils, etc. Gmund accepts no liability for damage resulting from incorrect use.
